Title

Vincent Schaefer collection

Dates

1963

Extent

1 photographic image (1 print)

Biographical History

Vincent J. Schaefer was a self-taught chemist and meteorologist who was best known for having developed cloud seeding. During the 1950s and 60s Schaefer spent time in Northern Arizona doing field work.

Scope and Content

Collection consists of a photograph of lightening hitting a ponderosa pine between the Museum of Northern Arizona's Research Center and the Colton's home taken by Schaefer, Aug. 31, 1963 from the porch of Gilbert Cottage.

Conditions Governing Reproduction and Use

Unpublished and published manuscripts are protected by copyright. Permission to publish, quote, or reproduce must be secured from the repository and the copyright holder.

Immediate Source of Acquisition

Collection donated by Vincent Schaefer in 1967

Description Control

Finding aid written by Lauren Johnson using *DACS*, 11 January 2010
